

AAM Insurance Investment Management Recognized by Pensions & Investments with a Best Places to Work in Money Management Award for Second Straight Year

★★ 2018 ★★

Chicago, IL (December 10, 2018) – For the second year in a row AAM Insurance Investment Management has been recognized as one of the 2018 Best Places to Work in Money Management as announced by *Pensions & Investments* today.

Presented by Pensions & Investments, the global news source of money management, seventh-annual survey and recognition program is dedicated to identifying and recognizing the best employers in the money management industry.

For over 35 years, AAM has strived to create a supportive work environment focused on rewarding employees and delivering exceptional customer service, while also giving back to the community. Key employee incentives include attractive compensation and bonus structures, generous benefits and PTO, and an employee ownership program that promotes longevity and partnership among members.

The company also encourages employees to give back to the community through programs coordinated with the United Way and other local organizations. Employees volunteer to work at a local foodbank, mentor students at an inner city high school and sponsor less fortunate families during the holidays.

“Again this year, it is clear that what makes firms great employers isn't necessarily about money management in particular. Many firms were cited for their culture and benefits,” said *P&I* Editor Amy B. Resnick. “Employees at these top-ranked firms most often cited, their colleagues, the firm’s culture and the benefits as the things that make it a great place to work.”

“Amidst the busyness of a big city like Chicago, AAM has fostered a close and caring work environment,” remarked Compliance Analyst Chelsea Klassa. “While everyone works extremely hard, we are encouraged to maintain a good work/life balance – attributes exemplified from the leadership we directly interact with every day. Ideas from each employee at AAM are valued and considered, creating more successful outcomes and allowing employees to continually grow in their careers.”

Camaraderie is built through participation in charitable projects as well as company-sponsored events to encourage team building. These include an annual golf outing referred to as the AAM Ryder Cup, Friday “Jeans” days for significant accomplishments, summer hours, pizza lunches, early close prior to holidays, yearly “Bring Your Kids to Work” days, and an annual holiday season party.

Pensions & Investments partnered with Best Companies Group, an independent research firm specializing in identifying great places to work, to conduct a two-part survey process of employers and their employees.

About AAM
